## School Song

Lamp of knowledge, wisdom, virtue  
Light of hope and faith and love  
We will follow your wise guiding  
Lead us safely on our way

## Chorus

Convent High School youth  
We're our island's pride  
We the leaders of tomorrow  
In the shadow of Christ's cross  
One in mind and heart and hand (2x)  
True to church to home and land (2x)

Ready to fight for God and country  
Honour, duty, purity  
E'er we strive for our ideal  
Sure that 'EFFORT CONQUERS ALL'.

## 3<sup>rd</sup> Stanza of the National Anthem

Come ye forward, sons and daughters  
Of this gem beyond compare  
Strive for honour, sons and daughters  
Do the right be firm be fair  
Toil with hearts and hands and voices  
We must prosper, sound the call  
In which everyone rejoices  
ALL FOR EACH AND EACH FOR ALL!

## Songs

|   |  |
|---|--|
| <b>"I Hope You Dance"-</b><br><i>LeAnn Womack/Gladys Knight</i> | And when we get the choice to sit it out or dance                |
| <b><i>(We're going to Dance)</i></b>                            | We're going to dance (Time is a real and constant motion always) |
| I hope we never lose our sense of wonder                        | I hope you dance (Rolling us along)                              |
| We get our fill to eat  | I hope you dance (Tell me who)                                   |
| But always keep that hunger                                     | I hope you dance (Wants to look back on their youth and wonder)  |
| May we never take one single breath for granted                 | (Where those years have gone)                                    |
| God forbid love ever leave us empty handed                      |  |
| I hope we still feel small                                      | I hope you still feel small                                      |
| When we stand by the ocean                                      | When we stand by the ocean                                       |
| Whenever one door closes, I hope one more opens                 | Whenever one door closes, I hope one more opens                  |
| Promise me you'll give faith a fighting chance                  | Promise me you'll give faith a fighting chance                   |
| And when we get the choice to sit it out or dance               | And when we get the choice to sit it out or dance                |
| <br>  |  |
| We're going to dance... We're going to dance                    | Dance... We're going to dance                                    |
|   | We're going to dance   |
|   | (Time is a real and constant motion always)                      |
| I hope we never fear those mountains in the distance            | We're going to dance (Rolling us along)                          |
| Never settle for the path of least resistance                   | We're going to dance (Tell me who)                               |
| Living might mean taking chances                                | (Wants to look back on their youth and wonder)                   |
| But they're worth taking  | We're going to dance (Where those years have gone)               |
| Lovin' might be a mistake                                       |  |
| But it's worth making   |  |
| Don't let some hell bent heart                                  |  |
| Leave you bitter  | (Tell me who)... We're going to dance                            |
| When you come close to selling out                              | (Wants to look back on their youth and wonder)                   |
| Reconsider  | (Where those years have gone)                                    |
| Give the heavens above  |  |
| More than just a passing glance                                 |  |
